

Case Study

Kingshott School

Sand-dressed Artificial Turf Pitch for Hockey

Tarmacadam Tennis & Netball Courts

Artificial Turf Cricket Practice Facility

Tarmacadam Car Parks & Roadway

Kingshott School has an ongoing commitment to provide the very best facilities for its children. The school has some four hundred pupils between the ages of 3 and 13, and prides itself on its ability to present an outstanding co-educational learning experience.

S&C Slatter was awarded a significant design & build sports facility & infrastructure contract featuring the provision of a floodlit FieldTurf sand-dressed artificial turf hockey pitch, triple lane artificial turf cricket practice nets and the refurbishment of a multi-court tennis and netball area.

These facilities are serviced by new tarmacadam car parks, access roadway, pedestrian pathways and hard standings constructed by the company's Surfacing & Civils division.

Peter Fowler, Contracts Manager, together with Dave Wills, Site Supervisor, led and managed delivery of this major new resource for the school.

Tarmacadam Car Parks and Roadway.

Tarmacadam Pedestrian Footpaths and Hard Standings.

FIH National Performance Standard.

ECB-approved Artificial Turf Cricket Pitch Systems.

“ At Kingshott School, we encourage every child to be ‘the best I can be’. It has been a pleasure to work with S&C Slatter during the installation of our magnificent all weather pitch and resurfacing of our hard courts. Their professionalism and expertise resonated completely with our ethos, as they have delivered sports facilities which are clearly, ‘the best they can be’. Thank you from everyone at Kingshott School.”

Mark Seymour, Headmaster, Kingshott School
